

110TH CONGRESS  
1ST SESSION

# H. RES. 296

Supporting the goals and ideals of National Eosinophil Awareness Week,  
and for other purposes.

---

## IN THE HOUSE OF REPRESENTATIVES

APRIL 16, 2007

Mr. LARSON of Connecticut submitted the following resolution; which was  
referred to the Committee on Energy and Commerce

---

## RESOLUTION

Supporting the goals and ideals of National Eosinophil  
Awareness Week, and for other purposes.

Whereas the term “eosinophilic disorders” is a general term  
used to describe a group of diseases and disorders caused  
by the production of too many white blood cells called  
eosinophils;

Whereas eosinophilic disorders patients suffer from their im-  
mune system attacking their body’s own normal, healthy  
tissue, resulting in inflammation or swelling;

Whereas an estimated 50,000 people are affected by  
eosinophilic disorders in the United States, many of  
whom remain undiagnosed or misdiagnosed;

Whereas inflammatory eosinophilic disorders are thought to  
be both allergic and autoimmune diseases, such that the

body's immune system, which normally fights infections and viruses, mistakes common food proteins and environmental allergens as foreign;

Whereas eosinophilic disorders cause chronic illness that significantly impacts a person's quality of life and ability to attend school and work, and dramatically alters dietary lifestyles;

Whereas some eosinophilic disorders cause life-threatening and sometimes fatal illnesses by causing inflammation of the vital organs, such as the heart, lungs, kidney, and gastrointestinal tract;

Whereas eosinophilic disorders are difficult to diagnose and treatment is often delayed, resulting in unnecessary suffering;

Whereas many patients with eosinophilic disorders often have severe long-term disabilities as well as the severe limitations imposed by the disease itself;

Whereas some eosinophilic disorder patients will suffer permanent irreversible organ damage as a result of delays in diagnosis and proper treatment; and

Whereas the American Partnership For Eosinophilic Disorders has identified the third week of May as an appropriate time to recognize National Eosinophil Awareness Week in order to educate communities across the Nation about eosinophilic disorders and the need for research funding, accurate diagnosis, and effective treatments: Now, therefore, be it

1       *Resolved*, That the House of Representatives—

2               (1) supports the goals and ideals of National

3       Eosinophil Awareness Week; and

1           (2) encourages health care providers and the  
2    American Partnership for Eosinophilic Disorders to  
3    increase education and awareness regarding  
4    eosinophilic disorders.
